ABOUT ME

Glenn Hanns is an award winning cinematographer and camera operator whose work has been screened nationally and internationally. . A Cinematographer on hundreds of news and current affairs stories as well as documentaries, Glenn prides himself on the high level of creativity within limited resources and time. He is experienced with all forms of film and high-definition digital production workflows from 4k and HD.

Glenn began his interest in cinematography at an incredibly young age. Glenn's work focused on documentary and short drama for a number of years before he completed his education at the Australian Film Television and Radio School in 2008 with the prestigious 'High Achievement in Cinematography' award. Soon after his Masters major film "Bleeders" was selected by an esteemed panel at Camerimage in Poland to represent Australian in the short film category. His work has a strong emphasis on representation of story through the lens, collaboration and visual creativity.

"There's no denying the passion I feel for the moving image. The magic generated when all the elements of film-making come together, creating an engaging cohesive story that transports the audiences reality, dramatically changing their world; that is what I live for." Glenn Hanns
